

Chemical Properties

Melting point :232-235 °C(lit.)

storage temp:.. -20°C

form :Powder

color :White to slightly yellow

COA:

Items	Specification	Results
Appearance	White to yellowish brown or pale yellow powder Coarse powder with a special taste and odor	conforms
Assay	≥99.0%	99.7%
Loss on drying	≤5.0%	3.2%
Fatty acid value	195~204	198.5
Iodine value (GL/100g)	80~100	97.2
free alkali	≤0.5%	0.30%
dissolution experiment in water	conforms	conforms
dissolution experiment in ethanol	conforms	conforms
